Cutting Edge Solutions

正河源股份有限公司  
CHAIN HEADWAY CO., LTD.

## 與時俱進 先端製造 Keep Up With The Times & Proactive Advanced Manufacturing

正河源股份有限公司創立於西元1992年，經營方針致力於CNC加工中心機週邊工具及切削刀具，近年因應切削市場需求公司投入更多資源建立完善營運環境及先端製造設備，為機械加工業者提供更優質的產品品質及加工效率提升。在研發方向著重於未來智能化製造相關週邊工具及切削刀具，人力資源投入方面結合科技大學共同培育未來切削領域專業人才，在資源投入方面包括8250平方米現代辦公大樓及自動化製造廠區，歐洲日本生產設備及檢驗設備等。因應未來科技發展高溫合金及非鐵金屬材料應用於各產業，正河源經營團隊展現Cutting Edge Solution 快速解決客加工需求的專業與服務熱忱，持續研發生產高效能切削刀具為機械加工業者提供最佳服務。

Chain Headway was founded in 1992 to develop and produce cutting tools and accessories for CNC machining centers. Our company has developed over the years to provide a stable production environment with advanced R&D and manufacturing capabilities.

This is designed to provide cutting edge products and more efficient materials processing solutions for various types of industries. Our investment in R&D helps us to deliver the latest materials processing solutions for intelligent manufacturing to our customers.

- We are partnered with the University of Science & Technology developing a group of future Cutting professionals.
- We have a new 8250 square meter production facility which combines our office buildings with automated production facilities.
- Our production and inspection equipment is sourced from Japan and Europe to maintain the best possible quality and efficiency.

Industry processing challenges are constantly evolving with the development of high temperature alloys and composite materials. Our management team is proactively addressing these evolving materials processing requirements to rapidly develop & provide customers with the latest material processing solutions and the best possible customer service.

### 創新 Innovation

正河源秉持著管理創新、組織創新、資訊創新、技術創新、服務創新，唯有不斷創新及有效的整合才能發揮出創新真正的效益，科技來自人性，創新源自進化乃是永續經營之道。

Chain Headway adheres to management innovation, organizational innovation, information innovation, technological innovation, and service innovation, as only constant innovation and effective integration can exert the true benefits of innovation. Chain Headway believes that technology is derived from human nature, and innovation is achieved through evolution, which is the principle of sustainable operation.

### 速度 Speed

時間是競爭中的最大成本，追求經營效益及速度創造客戶最大的滿足，是我們在競爭市場上的立足之地。

Time is the biggest cost in competition, and providing the biggest satisfaction for our clients through the pursuit of operational efficiency and speed, is how we remain in the competitive market.

### 誠信 Honesty

誠信是企業經營基礎，正河源對員工、客戶、合作夥伴，維持良好的合作關係堅守誠信原則，迎向發展之路。

Honesty is the foundation of enterprises, and Chain Headway maintains a friendly partnership with its staffs, clients, and working partners by abiding by the principle of trust, when marching toward the path of development.

### 責任 Responsibility

企業發展是目標，社會進化是願景。正河源秉持取之於社會用之於社會理念。帶領同仁落實綠能環保、節能減碳、美化環境、社會關懷，共同創造友善的社會。

With enterprise development as its objective, and social evolution as its vision, Chain Headway upholds the idea of giving what is taken from the society back to the society, and leads all colleagues to implement green energy and environmental protection, energy saving and carbon reduction, environmental beautification, and social solicitude, in order to co-create a friendly society.

基礎工業快速進步的時代，越是細微的加工工藝，  
越是突顯加工實力的重要指標。

The rapid progress in manufacturing makes fine machining  
ability as an important target for this generation.

正河源的切削系列跨足各式各樣的領域，可因應被加工材的  
不同，協助您選擇更適合的刃口及塗層，捨棄式刀具能大  
幅取代傳統焊刃，快速替換刀片、降低校刀時間、減少  
庫存空間，實現生產自動化。

Chain Headway cutting system supports you to  
choose the efficient cutting edge and coating  
of inserts for different materials. With the  
growing trend of automation in  
manufacturing, indexable toolings  
are getting more popular  
compared to traditional  
carbide-tipped toolings.  
Effectively reduce the  
presetting time  
and stock  
space.
